

Ed-Fi Certification - Availability Statement

Technology Provider Aeries Software

Product name Aeries Student Information System

Ed-Fi Certification Student Information Systems API v4

Can access to the certified functionality require a separate fee? No

The product functionality in the Product [referenced above] used to meet the Ed-Fi Certification [referenced above] is available in its entirety in the following geographies and product versions:

All Aeries customers have and will continue to have access to the Ed-Fi functionality. Aeries does not restrict the availability of the Ed-Fi functionality at all. It is available to all customers in all geographies. Additionally, multiple product versions are not created for the Aeries system. A single product is distributed to ALL customers. Aeries Software currently operates in California and Texas but any customers acquired in other states will also have access to the Ed-Fi functionality.

Instructions: use the space above to list the geographies and versions where the certified functionality is available. If required, geography and version information can be combined (e.g. "State of X version 9.2 and above").
